

SUPERSTEAM
THE CHOICE OF CLEANING PROFESSIONALS

Duo-Green

Green Label Floor Cleaner

Duo-Green represents the latest advance in environmentally friendly floor cleaners—one that is very green (99% biodegradability) AND also cleans very well too!

Its special formulation allows Duo-Green to be used as BOTH a highly effective degreaser (when diluted less than 1:20) and also a neutral pH multipurpose cleaner (when diluted more than 1:20). In this way, Duo-Green is able to replace many other cleaning chemicals.

Benefits

- Superior cleaning effect comparable to normal floor cleaners and degreasers due to its high active content
- Dual purpose floor cleaner: with just one chemical, you are able to properly degrease the floor (a first for a green-label chemical) and also clean most floorings (because its pH is neutral)
- Highly biodegradable, 99% over 28 days
- Completely miscible in water
- Rinses freely

Suggested Areas of Application

- Most walls, floors and other hard surfaces
- Carparks, warehouses and factories
- Cleans even stainless steel panels and glass surfaces!

Directions for Use

Dilution may vary with specific conditions, general guidelines are:

- Heavy soils, grease or spot cleaning—dilute 1:10 (degreaser)
- Normal soil, single disc scrubbing—dilute 1:3- (Neutral Cleaner)
- Light soil, mopping, autoscrubbing—dilute 1:80 (Neutral Cleaner)
