

Quickleen-S

Powerful & Easy to Use

1 kg 8020-980001
5 kg 8020-980002
10 kg 8020-980003

Quickleen-S is an easy-to-apply powder that cleans many things such as baked on grease, rust marks, tough stains etc. It is safe to use, safe to touch, environmentally friendly and requires no gloves or tedious scrubbing.

With Quickleen-S, there are no fumes given off, no odour and no smell. It is safe for stainless steel, aluminium, copper, brass, silver, ceramic tiles and cement floor.

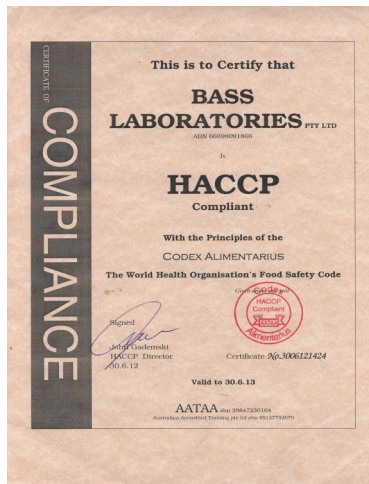

5 Important Benefits

- ✓ Cleans metal faster with less effort than before
- ✓ 100% biodegradable
- ✓ Convenient, effective and easy to use
- ✓ Made in Australia and HACCP certified
- ✓ Works without gloves or tedious scrubbing

11x

more powerful than
caustic soda

Easy to use! Simply Wipe on, Then Wipe off!

1 Rinse or **remove excess waste** from the surface of the item.

2 **Apply Quickleen-S using a damp cloth** to the affected surface area.

3 **Rub Quickleen-S to the surface** until tarnish or stain is removed from the affected area.

(Ensure that wiping action is conducted by following the grain of the stainless steel).

4 Using a clean dry cloth, **remove excess powder residue** or rinse in water.
