

## MATERIAL SAFETY DATA SHEET

### 1. Product Identification

Product Name: **Anti-Bacteria Telephone Spray**

Other information:

Every endeavour has been made to ensure that the information contained in this publication is reliable and offer in good faith. This covers the safety requirement of our products. Customers are encouraged to conduct their own test as end user suitability of the product for particular use is beyond our control.

### 2. Composition and Information on Ingredients

Chemical Name	Percentage
Fragrance (Assorted)	5-10%
Ethyl Alcohol / Ethyl Alcohol	15-20%
Triclosan	0.1-0.5%
LPG	Balance

### 3. Physical data

pH at 25°C	6.5 to 7.0
Boiling Point	Not available
Gas Pressure	5.0 ± 0.5 kg/cm <sup>2</sup> (at 25°C)
Solubility in water	Slightly
Appearance	Colourless to Pale Yellow
Odour	Selective fragrance to standard

### 4. Fire and Explosive Hazard Data

Flash Point	60°C
Method used	E.E.C
Flammable limits	Flammable
Extinguishing media	Foam CO <sup>2</sup> Dry Chemical
Fire fighting	Use positive pressure self contained breathing apparatus

### 5. Prescription of Bottling

Formula solution	50gm
LPG Gas	80gm
Total	130gm/Bottle

### 6. Specification

Material of can: Tin coated plate

## 7. Reactivity data

Stability: Stable

### Hazard decomposition

Product	None
Hazard Polymerization	None. Will not occur.

## 8. Environmental and disposal information

Action to take leaks	Flush in water
Disposal method	Material should be place in container and disposed according to local provision. Do not dispose near fire and heat

## 9. Health hazard data

Eye contact, skin contact, ingestion and inhalation	At this point of time, there is no Publishing Laboratory test data regarding these factors. Manufacture's experience suggests that the product will not cause skin irritation.
---	--

## 10. First aid procedure

	Hazard	First aid
Contact with skin	None	Flush with water
Contact with eye	None	Flush with water (If irritation result, call physician)
Inhalation	None	Gargle
Ingestion	None	Drink large quantity of water

## 11. Toxicological Information

Based on the ingredients in this composition and their concentration, this product is according to the conventional method of EEC Direction 88/379/EEC Classified as SAFE WHEN USED AS DIRECTED.

## 12. Additional information

Avoid direct sunlight. Store at cool dry place  
Keep away from fire.

## 13. Caution

Do not spray near flames or fire.  
Do not spray a large amount in a room where fire is used.  
Do not store in a place where the temperature exceed 45°C.  
Do not throw into the fire.
