TIPS

We recommend using following floor care chemicals for best results with Wirbel SuperShine 1500:

- ✓ Ultimate Wax (310) - Advanced Floor Polish: an advanced floor polish with 22% wax solids. Hard wearing and withstands heavy traffic and cleaning. Fast drying time of 20 mins.
- ✓ Restore SprayBuff (311) - Great for Floor Burnishing: and advanced buffing solution that will clean, renew and enhance dull/ worn floor finishes in heavy traffic areas.
- ✓ DoubleStrip (312) - Great for Floor Stripping: a powerful floor polish remover with a moderate pH 12 that easily dissolves old wax into a soluble solution for easy removal.
