Caddy Clean Classic

Developed for Professionals

Caddy Clean Classic is a unique versatile micro scrubbing machine developed for cleaning professionals. Designed to replace manual cleaning methods, it easily transforms into a handheld tool with just a simple hand manipulation.

Caddy Clean Classic can scrub and polish in areas inaccessible to larger cleaning machines.

Suitable to use everywhere and on all kinds of floors, walls, ceilings, etc.

6 Important Benefits

- ✓ Brushes are designed for hard-to-reach areas and corners
- ✓ Compact and extremely light weight at only 2.3 kg with battery
- ✓ Easy to use and assemble, no prior training required
- ✓ Detachable scrubber head with handle transforms into a handheld tool
- ✓ Bundled with various types of pads and brushes for multi-cleaning purposes
- ✓ Ergonomic design with adjustable shaft and articulated joint
