

ESCALATOR CLEANERS

Made in Italy

Eureka EC51 Professional Escalator Cleaner

Eureka EC51 cleans and scrubs to produce instant results in just minutes. It effectively removes grease, spillages, stones, foreign objects, harden sand and grime which could otherwise damage escalators comb and steps.

Eureka EC51 boasts a revolutionary double roller brush cleaning system which aggressively lifts and removes all debris from the escalator steps by rotating 180 degrees to clean both sides of the escalator, independently from the width of the steps. In addition, the EC51 also uses both wet and dry cycles to thoroughly scrub, clean and dry within minutes.

Perfect for daily cleaning at shopping malls, subway, train stations, passenger terminals, office buildings, hotels, etc.

5 Important Benefits

- ✓ Saves time and money - simplifies escalator / traveller cleaning
- ✓ Automatic operation
- ✓ Clean floors and carpets
- ✓ Double cylindrical brushes for effective cleaning results
- ✓ Instant results with wet and dry cleaning cycles

Cleaning Machines
